Subject: Review of Maps, Daniel's Canyon Mine, M/051/0008, Wasatch County, Utah

Dear Mr. Dalley:

On March 1, 2012, The Division of Oil, Gas and Mining received from you a series of 10 maps and cross sections of the referenced mine. This was in response to the Division's January 25, 2012, letter asking that you submit a map showing the areas included in the reclamation surety. Thank you for your timely submittal of these maps.

Please include the following information on the figures:

1. Figure 1 and 4 – Please add Township and Range.
2. Figure 7 – Turn off "mask" section on the cross section.
3. Figure 7 - The Division prefers no vertical exaggeration, but this is not required by rule.
4. Figure 8 – Geologic Map units are difficult to read. Please increase the page size to 11" x 17" if necessary.

As per the January 25, 2012 Division Directive, please continue to follow the schedule noted below:

- June 1, 2012: Submit the remainder of the maps and figures.
- October 1, 2012: Submit completed text and appendices.

Please submit your reply in the form of replacement pages for the NOI using form MR-REV which can be downloaded at www.ogm.utah.gov/minerals/MINERALFORMS. In reply, please refer to file number M/051/0008. Thank you for your cooperation.

Sincerely,

Paul B. Baker
Minerals Program Manager
